Color Television Users Guide

For Models:
AV-27530
AV-27WR25

Important Note:
In the spaces below, enter the model and serial number of your television (located at the rear of the television cabinet). Staple your sales receipt or invoice to the inside cover of this guide. Keep this user’s guide in a convenient place for future reference. Keep the carton and original packaging for future use.

Model Number: LCT1531-001A-A
Serial Number: 0104KGI-II-IM
Important Safety Precautions

CAUTION

RISK OF ELECTRICAL SHOCK
DO NOT OPEN

CAUTION: To reduce the risk of electric shock. Do not remove cover (or back). No user serviceable parts inside. Refer servicing to qualified service personnel.

The lightning flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of uninsulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

WARNING:

TO PREVENT FIRE OR SHOCK HAZARDS, DO NOT EXPOSE THIS TV SET TO RAIN OR MOISTURE.

CAUTION:

TO INSURE PERSONAL SAFETY, OBSERVE THE FOLLOWING RULES REGARDING THE USE OF THIS UNIT.

1. Operate only from the power source specified on the unit.
2. Avoid damaging the AC plug and power cord.
3. Avoid Improper installation and never position the unit where good ventilation is unattainable.
4. Do not allow objects or liquid into the cabinet openings.
5. In the event of trouble, unplug the unit and call a service technician. Do not attempt to repair it yourself or remove the rear cover.

Changes or modifications not approved by JVC could void the warranty.

- When you don’t use this TV set for a long period of time, be sure to disconnect both the power plug from the AC outlet and antenna for your safety.
- To prevent electric shock do not use this polarized plug with an extension cord, receptacle or other outlet unless the blades can be fully inserted to prevent blade exposure.

IMPORTANT RECYCLING INFORMATION

This product utilizes both a Cathode Ray Tube (CRT) and other components that contain lead. Disposal of these materials may be regulated in your community due to environmental considerations. For disposal or recycling information, please contact your local authorities, or the Electronic Industries Alliance: http://www.eiae.org
CAUTION ON REPLACABLE LITHIUM BATTERY

The battery used in this device may present a fire or chemical burn hazard if mistreated. Do not recharge, disassemble, heat above 100ºC or incinerate. 

Replace battery with CR2032 Panasonic (Matsushita Electric) or Maxell is recommended. 

Danger of explosion or risk of fire if the battery is incorrectly replaced. 

• Dispose of used battery promptly. 
• Keep away from children. 
• Do not disassemble and do not dispose of in fire. 

As an “ENERGY STAR®” partner, JVC has determined that this product or product model meets the “ENERGY STAR®” guidelines for energy efficiency.

Important Safeguards

CAUTION:

Please read and retain for your safety. 

Electrical energy can perform many useful functions. This TV set has been engineered and manufactured to assure your personal safety. But improper use can result in potential electrical shock or fire hazards. 

In order not to defeat the safeguards incorporated in this TV set, observe the following basic rules for its installation, use and servicing. Also follow all warnings and instructions marked on your TV set. 

INSTALLATION 

1 Your TV set is equipped with a polarized AC line plug (one blade of the plug is wider than the other). This safety feature allows the plug to fit into the power outlet only one way. Should you be unable to insert the plug fully into the outlet, try reversing the plug. Should it still fail to fit, contact your electrician. 

2 Operate the TV set only from a power source as indicated on the TV set or refer to the operating instructions for this information. If you are not sure of the type of power supply to your home, consult your TV set dealer or local power company. For battery operation, refer to the operating instructions. 

3 Overloaded AC outlets and extension cords are dangerous, and so are frayed power cords and broken plugs. They may result in a shock or fire hazard. Call your service technician for replacement. 

4 Do not allow anything to rest on or roll over the power cord, and do not place the TV set where power cord is subject to traffic or abuse. This may result in a shock or fire hazard. 

5 Do not use this TV set near water – for example, near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near swimming pool, etc. 

6 If an outside antenna is connected to the TV set, be sure the antenna system is grounded so as to provide some protection against voltage surges and built-up static charges. Section 810 of the National Electrical Code provides information with respect to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of grounding conductors, location of antenna discharge unit, connection requirements for the grounding electrode.
7 An outside antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can fall into such power lines or circuits. When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

EXAMPLE OF ANTENNA GROUNDING AS PER NATIONAL ELECTRICAL CODE

8 TV sets are provided with ventilation openings in the cabinet to allow heat generated during operation to be released.

Therefore:
— Never block the bottom ventilation slots of a portable TV set by placing it on a bed, sofa, rug, etc.
— Never place a TV set in a "built-in" enclosure unless proper ventilation is provided.
— Never cover the openings with a cloth or other material.
— Never place the TV set near or over a radiator or heat register.

9 To avoid personal injury:
— Do not place a TV set on a sloping shelf unless properly secured.
— Use only a cart or stand recommended by the TV set manufacturer.
— Do not try to roll a cart with small casters across thresholds or deep pile carpets.
— Wall or shelf mounting should follow the manufacturer’s instructions, and should use a mounting kit approved by the manufacturer.

Use

10 Caution children about dropping or pushing objects into the TV set through cabinet openings. Some internal parts carry hazardous voltages and contact can result in a fire or electrical shock.

11 Unplug the TV set from the wall outlet before cleaning. Do not use liquid or an aerosol cleaner.

12 Never add accessories to a TV set that has not been designed for this purpose. Such additions may result in a hazard.
For added protection of the TV set during a lightning storm or when the TV set is to be left unattended for an extended period of time, unplug it from the wall outlet and disconnect the antenna. This will prevent damage to product due to lightning storms or power line surges.

A TV set and cart combination should be moved with care. Quick stops, excessive force, and uneven surfaces may cause the TV set and cart combination to overturn.

Service

Unplug this TV set from the wall outlet and refer servicing to qualified service personnel under the following conditions:

A. When the power cord or plug is damaged or frayed.
B. If liquid has been spilled into the TV set.
C. If the TV set has been exposed to rain or water.
D. If the TV set does not operate normally by following the operating instructions. Adjust only those controls that are covered in the operating instructions as improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the TV set to normal operation.
E. If the TV set has been dropped or damaged in any way.
F. When the TV set exhibits a distinct change in performance — this indicates a need for service.

Do not attempt to service this TV set yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.

When replacement parts are required, have the service technician verify in writing that the replacement parts he uses have the same safety characteristics as the original parts. Use of manufacturer's specified replacement parts can prevent fire, shock, or other hazards.

Upon completion of any service or repairs to this TV set, please ask the service technician to perform the safety check described in the manufacturer's service literature.

When a TV set reaches the end of its useful life, improper disposal could result in a picture tube implosion. Ask a qualified service technician to dispose of the TV set.

How to use the remote.

Before using, insert the lithium battery — CR2032 — correctly, with the plus (+) side up into the battery compartment. To open it, press the release tab and carefully pull the compartment out. The remote control can operate most of your TV's functions, as well as basic functions of JVC VCRs.

* Point the remote towards the remote sensor on the target component. The maximum operating distance is about 8 meters.
* To operate a JVC VCR, use any of the following buttons: VCR POWER, TV/VCR INPUT, VCR CH+/-, PLAY,REWIND, FAST-FORWARD, STOP, RECORD and PAUSE.

NOTE: If the remote does not work properly, remove the battery, wait for a few seconds, replace the battery and try again.

Quick Setup  Unpacking Your TV

Thank you for your purchase of a JVC Color Television. Before you begin setting up your new television, please check to make sure you have all of the following items. In addition to this guide, your television box should include:

1 Television
1 Remote Control
CR2032

Note: Your television and/or remote control may differ from the examples illustrated here.

Once you have unpacked your television, the next step is to connect it to your antenna/cable or satellite system and to connect the audio/video devices you want to use with your television. To make these connections you will use plugs like the ones illustrated below.

Coaxial Cables

Used to connect an external antenna or cable TV system to your TV.

Component Cables

Used to connect audio/video devices like VCRs, DVD players, stereo amplifiers, game consoles, etc.

Composite Cables

Audio Cables

S-Video Cable

Used to make video connections with S-Video VCRs, Camcorders and DVD players.

We recommend that before you start using your new television, you read your entire User's Guide so you can learn about your new television's many great features. If you’re anxious to start using your television right away, a quick setup guide follows on the next few pages.
NOTE: Before you connect your television to another device, please refer to the proper diagrams for your specific TV and remote. These will help assist you in understanding how to connect your television to another device, as well as use the remote to set up your television.

**Rear Panel Diagram**

MODELS: AV-27530 and AV-27WR25

**Front Panel Diagram**

MODELS: AV-27530 and AV-27WR25
For information on remote control buttons, see pages 32 - 35.
These quick setup pages will provide you, in three easy steps, with the basic information you need to begin using your new television right away.

If you have questions, or for more detailed information on any of these steps, please consult other sections of this manual.

**Step 1 – The Remote Control**

Before you can operate your remote control, you first need to install the batteries (included).

With your thumb, push the latch on the back of the remote control inward, and while holding it there, pull the battery cover out with your index finger. Insert the battery (included) carefully noting the “+” and “–” markings. Push the cover back into place.

**Key Feature Buttons**

The four key feature buttons at the center of the remote can be used for basic operation of the television. The top and bottom buttons will scan forward and back through the available channels. To move rapidly through the channels using JVC’s *Hyperscan* feature, press and hold CH+ or CH–. The channels will zip by at a rate of five channels per second. The right and left buttons will turn the volume up or down. These buttons are also marked with four arrows and are used with JVC’s onscreen menu system. To use the onscreen menus, press the **MENU** button.
**Quick Setup**

**Basic Operation**

Turn the television on and off by pressing the Power button at the top right corner of the remote.

**Step 2 – Connecting Your Devices**

Please follow the flow chart below to determine which connection setup is right for you. Then, refer to the appropriate diagrams to connect your television to other devices that you may have. After you are finished connecting your devices, plug the power cord into the nearest power outlet and turn on the TV.

A VCR is not necessary for operation of the television. If you follow these diagrams and the television does not work properly, contact your local cable operator.

- To connect a DVD player, see Diagram #3. A DVD player is optional.
- If you have a satellite television system, please refer to the satellite TV manual.

Quick Setup

Diagram #1
Illustration of AV-27530

Notes:
• If your VCR is a mono sound unit, it will have only one audio out jack. Connect it to the TV’s LEFT AUDIO INPUT.
• Use the S-Video connection if possible for superior picture quality.
• Your VCR must be turned on to view premium cable channels.

Note:
• If you do not have a cable box, connect the cable wire from the wall outlet into the back of the TV.

Diagram #2
Illustration of AV-27530

Notes:
• If your VCR is a mono sound unit, it will have only one audio out jack. Connect it to the TV’s LEFT AUDIO INPUT.
• Use the S-Video connection if possible for superior picture quality.
• Your VCR must be turned on to view premium cable channels.
Quick Setup

Notes:
• Green, blue and red are the most common colors for DVD cables. Some models may vary colors. Please consult the user’s manual for your DVD player for more information.
• Be careful not to confuse the red DVD cable with the red audio cable. It is best to complete one set of connections (DVD or audio output) before starting the other to avoid accidentally switching the cables.
• Progressive DVD players (players with an output scan of 31.5 KHz) will not work properly with this television. Set your DVD player’s output to “interlaced”, or non-progressive mode.
• If you use INPUT 2 (Component-In), for a DVD connection, you must select “V2-COMPONENT” by pressing the INPUT button, for proper display of the DVD signal.

Diagram #3
Illustration of AV-27530

Connecting to an External Amplifier

Illustration of AV-27530

1) Connect a white composite cable from the LEFT AUDIO OUTPUT on the back of the TV to the LEFT AUDIO INPUT on the amplifier.
2) Connect a red composite cable from the RIGHT AUDIO OUTPUT on the back of the TV to the RIGHT AUDIO INPUT on the amplifier.

Notes:
• Refer to your amplifier’s manual for more information.
• You can use AUDIO OUTPUT for your home theater system.
Connecting to a Camcorder

You may connect a camcorder, game console or other equipment to your television by using the front input jacks. You can also connect these using the television's rear input jacks, using the same instructions.

1) Connect a yellow composite cable from the camcorder VIDEO OUT, into the VIDEO IN on the front of the TV.
2) Connect a white composite cable from the camcorder LEFT AUDIO OUT, into the LEFT AUDIO IN on the front of the TV.
3) Connect a red composite cable from the camcorder RIGHT AUDIO OUT, into the RIGHT AUDIO IN on the front of the TV.

Note:
• If your camcorder is a mono sound model it will have only one AUDIO OUT. Connect it to the LEFT AUDIO IN.
Quick Setup  Auto Tuner Setup

Step 3 – Auto Tuner Setup

JVC’s onscreen menu system lets you set your television up to meet your own personal viewing preferences. The menu screens and their features are discussed in detail in this book. The menu settings are optional, you can set as many or as few of them as you wish. But to begin watching your television right away you will need to run the Auto Tuner Setup. This lets your television learn the channels it is able to receive. To run the Auto Tuner Setup follow the steps below.

Press the Menu button on the remote control

To AUTO TUNER SETUP

To operate

To choose CABLE (if you are connected to a cable system) or AIR (if you use an antenna)

To move to START

To start Auto Tuner Setup

The Auto Tuner will now memorize all of the clear, active channels your television can receive. This will take one or two minutes.

The Quick Setup is complete

When the setup is finished, PROGRAMMING OVER ! is displayed. Your quick setup is now complete. You can now begin watching your television, or you can continue on in this guide for more information on programming your remote control, or using the JVC onscreen menu system to customize your television viewing experience.

Cable Box and Satellite Users: After your auto tuner setup is complete, you may, (depending on the type of hookup), have only 1 channel, usually 3 or 4 in the auto tuner memory. This is normal.
Onscreen Menus

Using the Guide

Certain symbols are used throughout this guide to help you learn about the features of your new television. The ones you will see most frequently are:

▲▼ Up and Down arrows mean press the CH+ or CH– buttons. Pressing the CH+ or CH– buttons let you:
  • Move vertically in a main menu screen
  • Move through a submenu screen
  • Move to the next letter, number, or other choice in a submenu
  • Back up to correct an error
  • Scan through TV channels (when not in a menu screen)

◄► Left and right arrows mean press the VOLUME+ or VOLUME– buttons to move left or right to:
  • Select a highlighted menu item
  • Select an item in a submenu
  • Select numbers in certain menu options
  • Tune the volume up or down (when not in a menu screen)

The “press button” icon means you should press the button named on your remote control. (Button names appear in SMALL CAPITAL LETTERS.)

The “helping hand” icon points to the highlighted or selected item in a menu.

To bring up the onscreen menu, press the MENU button on the remote control. The item that appears in yellow is the one currently selected. If you press the MENU button again, the onscreen display will skip to the next menu screen. If you use the Menu button on the TV's front panel instead of the remote, an additional menu screen showing input will appear.

Notes:

• Menus shown in this book are illustrations, not exact replications of the television's onscreen displays.

• If you do not press any buttons for a few seconds, the onscreen menu will automatically shut off.
Your television comes with JVC’s onscreen menu system. The onscreen menus let you make adjustments to your television’s operation simply and quickly. Examples of the Onscreen Menus are shown below. Detailed explanations on using each menu follow later in this guide.

Press the Menu button
Initial Setup

Auto Tuner Setup
If you have already run the Auto Tuner as part of the quick setup earlier in this guide, please skip ahead to “Channel Summary” to continue setting up your television.

- Press the Menu button
- ▲▼ To AUTO TUNER SETUP
- ▲ To operate
- ▲▼ To choose CABLE or AIR
- ▼ To move to START
- ▲▼ To start Auto Tuner Setup

Programming will take approximately 1 to 2 minutes. The auto tuner is finished when the message PROGRAMMING OVER! appears onscreen.

Channel Summary
Channel summary allows you to customize the line-up of channels received by your TV. You can add or delete channels from the line-up or prevent any unauthorized viewers from watching any or all 181 channels.

- Press the Menu button
- ▲▼ To CHANNEL SUMMARY
- ▲▼ To operate

The Channel summary screen will now be displayed with the channels set to scan marked with an "√". You can delete channels from the scan by removing the "√". If any channels were missed during auto tuner setup and you wish to add them, you may by placing an "√" next to the channel number.

- ▲▼ To the SCAN column
- ▲▼ To include or delete from scan
- Press the Exit button when finished

You can block access to a channel by activating the channel lock.

- Press the Menu button
- ▲▼ To CHANNEL SUMMARY
- ▲▼ To operate
- ▲▼ To the Lock Column (🔒)
- Press the Zero button to lock or unlock that channel
- Press the Exit button when finished
Channel Guard Message

When a viewer attempts to watch a guarded channel, the following message appears:

To watch a channel that you have locked, enter the Lock Code using the 10 key pad.
If the wrong code is entered, the message "INVALID LOCK CODE!" will flash on the screen.
The channel cannot be accessed until the correct code is entered.

Notes:
• Once a channel has been unlocked, it will remain unlocked until the television is turned off.
• See also "Set Lock Code", page 25.

V-Chip

Your TV is equipped with V-Chip technology which enables you to block channels or content that you feel to be inappropriate for children, based on US and Canada rating guidelines. V-Chip has no effect on video signals from a DVD discs, VCR tapes or Camcorder connection.

Note: Some programs, and movies are broadcast without a ratings signal. Even if you set up V-CHIP ratings limits, these programs will not be blocked. See page 20 for information on how to block unrated programs.

Note (for Canadian viewers): The V-Chip function is based on specifications designed for the United States and therefore may not work properly in Canada.

You can customize the V-Chip settings of your television to match your personal tastes. The V-Chip menu below is the starting point for your V-Chip settings.

You can use US V-Chip settings (for programming broadcast from the United States), Canadian V-Chip settings (for programming broadcast from Canada), and movie ratings. You may use any or all of the settings (US V-Chip, Canada V-Chip, Movie ratings). Descriptions for setting each of the three V-Chip formats appear in the next six pages along with descriptions of the rating categories.

To access the rating categories:

1. Press the Menu button
2. Press Zero to access the V-Chip menu
3. Press V-Chip to operate (Lock icon will appear)
4. Press to turn V-Chip ON or OFF (V-Chip must be turned ON for rating settings to operate)
5. To move to SET US TV RATINGS, SET MOVIE RATINGS, or SET CANADIAN RATINGS (see following pages for descriptions of each item)
Initial Setup

Unrated Programs
Unrated programming refers to any programming which does not contain a rating signal. Programming on television stations which do not broadcast rating signals will be placed in the “Unrated Programming” category.

Examples of Unrated programs:
- Emergency Bulletins
- News
- Public Service Announcements
- Sports
- Some Commercials
- Locally Originated Programming
- Political Programs
- Religious Programs
- Weather

Note:
- TV programs or movies that do not have rating signals will be blocked if the unrated category is set to BLOCK.

Directions to Block Unrated Programs
You can block programs that are not rated.

Press the Menu button

To V-CHIP

To operate (The lock icon appears)

Press Zero to access V-Chip setup options

To UNRATED

To VIEW or BLOCK

Press Exit when done
US PARENTAL RATING SYSTEMS

Programs with the following ratings are appropriate for children.

❒ TV Y is Appropriate for All Children
   Programs are created for very young viewers and should be suitable for all ages, including children ages 2 - 6.

❒ TV Y7 is for Older Children
   Most parents would find such programs suitable for children 7 and above. These programs may contain some mild fantasy violence or comedic violence, which children should be able to discern from reality.

Programs with the following ratings are designed for the entire audience.

❒ TV G stands for General Audience
   Most parents would find these programs suitable for all age groups. They contain little or no violence, no strong language, and little or no sexual dialog or situations.

❒ TV PG Parental Guidance Suggested
   May contain some, but not much, strong language, limited violence, and some suggestive sexual dialog or situations. It is recommended that parents watch these programs first, or with their children.

❒ TV 14 Parents Strongly Cautioned
   Programs contain some material that may be unsuitable for children under the age of 14 including possible intense violence, sexual situations, strong coarse language, or intensely suggestive dialog. Parents are cautioned against unattended viewing by children under 14.

❒ TV MA Mature Audiences Only
   These programs are specifically for adults and may be unsuitable for anyone under 17 years of age. TV MA programs may have extensive V, S, L, or D.

US V-Chip Ratings

US V-Chip Ratings

In addition to the ratings categories explained above, information on specific kinds of content are also supplied with the V-Chip rating. These types of content may also be blocked. The content types are:

- V/FV is for VIOLENCE/FANTASY VIOLENCE
- S stands for SEXUAL CONTENT
- L stands for strong LANGUAGE
- D stands for suggestive DIALOG
Initial Setup

Setting US V-Chip Ratings

- Press the Menu button

- To V-CHIP

- To operate (lock icon appears)

- Press Zero to access the V-Chip menu

- To turn V-Chip ON or OFF

- To move to SET US TV RATINGS

- To operate

Directions to set US V-Chip Ratings

Line up the cursor in the column (TV PG, TV G, etc.) with the content row (V/FV, S, etc.) and press the ▲ or ▼ to move the cursor to the correct location. Press ◄ or ► to turn the locking feature on or off. An item is locked if the icon appears instead of a “—”.

For example. To block viewing of all TV 14 shows, move the cursor to the top row of that column and add a lock icon. Once you’ve put a lock on the top row, everything in that column is automatically locked.

- To the TV 14 Column

- To turn on the lock

- To FINISH

- To save settings and exit

- Press the Exit button when finished

Note:

- If you want to change the setup, move the cursor to the top column and change the lock icon to “—” by pressing ◄ or ► again. You may then select individual categories to block.
Initial Setup

Movies Ratings

❒ NR – Not Rated
This is a film which has no rating. In many cases these films were imported from countries which do not use the MPAA ratings system. Other NR films may be from amateur producers who didn’t intend to have their film widely released.

NR (Not Rated) Programming may contain all types of programming including children’s programming, foreign programs, or adult material.

❒ G – General Audience
In the opinion of the review board, these films contain nothing in the way of sexual content, violence, or language that would be unsuitable for audiences of any age.

❒ PG – Parental Guidance
Parental Guidance means the movie may contain some contents such as mild violence, some brief nudity, and strong language. The contents are not deemed intense.

❒ PG-13 – Parents Strongly Cautioned
Parents with children under 13 are cautioned that the content of movies with this rating may include more explicit sexual, language, and violence content than movies rated PG.

❒ R – Restricted
These films contain material that is explicit in nature and is not recommended for unsupervised children under the age of 17.

❒ NC-17 – No One Under 17
These movies contain content which most parents would feel is too adult for their children to view. Content can consist of strong language, nudity, violence, and suggestive or explicit subject matter.

❒ X – No One under 18
Inappropriate material for anyone under 18.

Directions to set Movie (MPAA) Ratings

Press the Menu button

▲▼ To V-CHIP
▲▲ To operate (Lock icon appears)

Press Zero to access V-Chip setup options

▲▼ To SET MOVIE RATINGS
▲▲ To enter movies menu

For example:

To block viewing of X and NC-17 rated from shows:

▲▼ To the X Column
▲▲ To turn on the lock
▲▼ To the NC-17 Column
▲▲ To turn on the lock
▲▼ To FINISH
▲▲ To save settings and exit

Press the Exit button when finished
Initial Setup

Canadian V-Chip Ratings

- **E – Exempt**
  Exempt programming includes: news, sports, documentaries and other information programming, talk shows, music videos, and variety programming.

- **C – Programming Intended for Children**
  Violence Guidelines: There will be no realistic scenes of violence. Depictions of aggressive behavior will be infrequent and limited to portrayals that are clearly imaginary, comedic or unrealistic in nature.

- **C8+ – Programming Intended for Children 8 and Over**
  Violence Guidelines: Any realistic depictions of violence will be infrequent, discreet, of low intensity and will show the consequences of the acts. There will be no offensive language, nudity or sexual content.

- **G – General Audience**
  Programming will contain little violence and will be sensitive to themes which could affect younger children.

- **PG – Parental Guidance**
  Programming intended for a general audience, but which may not be suitable for younger children. Parents may consider some content not appropriate for children aged 8-13.

- **14+ – 14 Years and Older**
  Parents are strongly cautioned to exercise discretion in permitting viewing by pre-teens and early teens. Programming may contain mature themes and scenes of intense violence.

- **18+ – Adult**
  Material intended for mature audiences only.

Directions to set Canadian V-Chip Ratings

Press the **MENU** button

- To V-CHIP
- To operate (lock icon appears)

Press Zero to access V-Chip setup options

- To SET CANADIAN RATINGS ENG (for English)
- To enter ratings menu

For example:

To block viewing of programming rated 14+ and 18+:

- To the 18+ Column
- To turn on the lock
- To the 14+ Column
- To turn on the lock
- To FINISH
- To save settings and exit
- Press the **EXIT** button when finished

Note:

- For instructions on “SET CANADIAN RATINGS FRE (in French)”, please see page 24 in the French side of this user’s guide.
Channel guard and V-Chip settings are protected by a four-digit lock code. Your TV comes pre-set with a lock code of “0000”. You may change the code to any four-digit number you wish. To change the lock code, follow the steps below.

1. Press the **MENU** button
2. **▼** To SET LOCK CODE
3. Press Zero to access the lock code
4. The first digit will be highlighted
5. **▼** To select the number
6. **▼** To move to the next digit
7. Continue to follow these directions for all four numbers
8. **▼** To FINISH
9. **▼** To save settings and exit
10. (your lock code is now set)
11. Press the **EXIT** button when finished

When a viewer attempts to watch a blocked channel, this message appears:

```
THIS PROGRAMMING EXCEEDS YOUR RATING LIMITS.
PLEASE ENTER LOCK CODE BY 10 KEY PAD TO UNLOCK IT.
NO. - - - -
```

The channel will remain blocked until the correct lock code is entered (see above for information on setting your lock code).

**Notes:**
- After a power interruption you must reset the lock code.
- Write your lock code number down and keep it hidden from potential viewers.
- If you forget the lock code, a new code may be set using the steps listed above.
### Initial Setup

#### Language
You can choose to view your onscreen menus in three languages: English, French (Français) or Spanish (Español).

- Press the **MENU** button
- **▲▼** To LANGUAGE
- **▲▼** To choose a language: ENG. (English), FRAN. (French) or ESP. (Spanish)
- Press the **Exit** button when finished

#### Closed Caption
Many broadcasts now include an onscreen display of dialog called closed captions. Some broadcasts may also include displays of additional information in text form. Your television can access and display this information using the closed caption feature. To activate the closed caption feature, follow the steps below.

- Press the **MENU** button
- **▲▼** To CLOSED CAPTION
- **▲▼** To operate
- **▲▼** To select CAPTION or TEXT
- **▲▼** To select a caption (CC1 to CC4) or text channel (T1 to T4)
- **▲▼** To accept that selection and move to FINISH
- **▲▼** To save settings and exit
- Press the **Exit** button when finished

#### Notes:
- Closed caption subtitles are usually found on closed caption channel CC1. Some programs may include additional text information which is usually found on text channel T1. The other channels are available for future use.
- Closed captioning may not work correctly if the signal being received is weak or if you are playing a video tape.
- Most broadcasts containing closed captioning will display a notice at the start of the program.
- To select the mode, press the C.C. button. See page 35.
Initial Setup

**Front Panel Lock**
This allows you to lock the keys on the front of the TV, so that a child may not accidentally change your viewing preferences.

- Press the **MENU** button
- To **FRONT PANEL LOCK**
- To turn ON or OFF
- Press the **Exit** button when finished

You can turn off this feature in the following ways:

- Unplug the power cord, and plug it back in. Do this if your batteries die, or you lose your remote control.
- Use the remote control.
- Press the **MENU** button on the front of the TV for more than 3 seconds. In this case, the OSD for **FRONT PANEL LOCK** will appear.

**Note:**
- To turn ON/OFF the TV, press the power button for more than 3 seconds. This feature will remain ON.

**Auto Shut Off**
This function automatically shuts off your TV when there is no signal from the channel the TV is on.

- Press the **MENU** button
- To **AUTO SHUT OFF**
- To turn ON or OFF
- Press the **Exit** button when finished

- If the channel that you have on does not receive a signal for more than one minute, the blinking text “NOT RECEIVING A SIGNAL” appears on the screen, and starts the countdown. If no signal is being received within 9 minutes, the TV shuts itself off.
Picture Adjust

**Picture Settings**
These settings allow you to change and adjust the way the picture appears on your television.

**TINT**
Tint allows you to adjust the levels of red and green in your TV picture.

**COLOR**
The color function lets you make all the colors in the TV picture appear either more vivid or subtle.

**PICTURE**
Picture allows you to adjust the levels of black and white on the TV screen, giving you a darker or brighter picture overall.

**BRIGHT**
You can adjust the overall brightness of the TV picture with the Bright control.

**DETAIL**
The Detail feature adjusts the level of fine detail displayed in the picture.

---

**Adjust the Picture Settings**

- Press the **Menu** button
- **▲▼** To TINT, COLOR, PICTURE, BRIGHT or DETAIL
- **◄►** To enter
- **◄►** To adjust the setting
- **▲▼** To move to the next setting
- Press the **Exit** button when finished

**Note:**
- If you press the 0 button, you can reset the setting to the factory default setting.

---

**Noise Muting**
This feature inserts a blank blue screen over channels which are not broadcasting or are too weak to be received clearly.

- Press the **Menu** button
- **▲▼** To NOISE MUTING
- **◄►** To turn noise muting ON or OFF
- Press the **Exit** button when finished

**Note:**
- Noise muting will not work during auto tuner setup or when you operate channel summary.
MTS technology allows several audio signals to be broadcast at once, giving you a choice in what you wish to hear with a TV program. In addition to mono or stereo sound, an MTS broadcast may also include a second audio program (SAP).

Press the MENU button to MTS
Select the mode (The ON AIR arrow tells you if a broadcast is in stereo and/or contains an SAP).
Press the EXIT button when finished

Notes:
• Keep the TV in stereo mode to get the best sound quality. The sound will work in stereo mode even if a certain broadcast is in mono sound only.
• Choose the mono setting to reduce excessive noise on a certain channel or broadcast.
• Selecting SAP will allow you to hear an alternative soundtrack, if one is available.
• MTS is unavailable if your television’s input source is in input 1, 2, or 3 mode, as described on page 35.

Sound Adjust

Sound Settings
These settings allow you to change and adjust the sound on your television.

BASS – You can increase or decrease the level of low-frequency sound in the TV's audio with the bass adjustment.

TREBLE – Use treble to adjust the level of high-frequency sound in your TV's audio.

BALANCE – Adjust the level of sound between the TV's left and right speakers with the balance setting.

Adjust the Sound Settings
Press the MENU button
To BASS, TREBLE or BALANCE
To adjust the setting
To move to the next setting
Press the Exit button when finished

Note:
• If you press the 0 button, you can reset the setting to the factory default setting.

MTS (Multi-Channel Television Sound)
MTS technology allows several audio signals to be broadcast at once, giving you a choice in what you wish to hear with a TV program. In addition to mono or stereo sound, an MTS broadcast may also include a second audio program (SAP).

Press the MENU button
To MTS
Select the mode
(The ON AIR arrow tells you if a broadcast is in stereo and/or contains an SAP).
Press the Exit button when finished

Notes:
• Keep the TV in stereo mode to get the best sound quality. The sound will work in stereo mode even if a certain broadcast is in mono sound only.
• Choose the mono setting to reduce excessive noise on a certain channel or broadcast.
• Selecting SAP will allow you to hear an alternative soundtrack, if one is available.
• MTS is unavailable if your television’s input source is in input 1, 2, or 3 mode, as described on page 35.
Clock/Timers

Set Clock
Before you use any of your TV’s timer functions, you must first set the clock. You may precisely set your clock using the XDS time signal broadcast by most public broadcasting stations. If you do not have this in your area, you will have to set the clock manually. See manual clock set below. To set the clock using the XDS signal:

1. Press the Menu button
2. To SET CLOCK
3. To operate

When you set the clock automatically, choose AUTO by pressing the ◄ or ► arrows.

1. To TIME ZONE
2. To select your time zone
3. To D.S.T. (daylight savings time)
4. To turn D.S.T. ON or OFF
5. To FINISH
6. To save settings
7. Press the Exit button when finished

When you set the clock manually, choose MANUAL by pressing the ◄ or ► arrows.

1. To move to the hour
2. To set the hour
3. To move to minutes
4. To set the minutes
5. To START CLOCK
6. To operate

THANK YOU!!
Clock/Timers

On/Off Timer
The on/off timer lets you program your television to turn itself on or off. You can use it as an alarm to wake up, to help you remember important programs, or as a decoy when you're not home.

Press the Menu button

▲▼ To ON/OFF TIMER

▲▲ To operate (begins with ON TIME)

▲▲ To set the hour (AM/PM) you want the TV to turn on

▼ To move to minutes

▲▲ To set the minutes

▼ To accept ON TIME and move to OFF TIME (the time the TV will turn off). Set the OFF TIME the same way as ON TIME

▼ To accept OFF TIME and move to CHANNEL

▲▲ To select channel

▼ To ON VOLUME

▲▲ To set the volume level

▼ To move to MODE

▲▲ Choose ONCE or EVERYDAY

▼ To ON/OFF TIMER

▲▲ Choose YES to accept the timer setting, choose NO if you don't wish to accept

▼ To FINISH

▲▲ To save settings

Press the Exit button when finished

Notes:
• The on/off time cannot be set to locked or guarded channels.
• In order for the on/off timer to work, the clock must be set.
• After a power interruption, the timer settings must be reset.
Button Functions

**Power**
Turns the TV on or off.

Press the **Power** button

**Number Buttons - 10Key Pad**
Use the number buttons on the remote control to move directly to a specific channel. For example, to move to channel 7:

- 0 (Zero)
- 7 (Seven)

**Channel +/-**
Use these buttons to move up or down all the available channels your TV is able to receive.

**Volume +/-**
Use these buttons to raise or lower the TV's volume level.

**100+ Button**
Use the 100+ button to directly access channels above channel 99. For example, to move to channel 124, press 100+, 2 (Two), 4 (Four).

**Menu**
The **Menu** button allows you to access JVC's onscreen menu system. Press **Menu** to activate the onscreen menu system.

- See individual topics like “Sound Adjust” for specific information on using menus.

**Exit**
Use this button to enter or exit the TV's onscreen menus.
Button Functions

**Return +**

The **Return+** button has two functions:

**Return** - Returns to the channel viewed just before the channel currently onscreen.

**Return+** - Lets you program a specific channel to return to while scanning through the channels using the CH+ and CH– buttons.

1. **Return+** and hold for three seconds

   The channel currently active has been programmed as your return+ channel. Now scan through the channels using the **Channel+/–** buttons.

   **Return+**

   You will return to your programmed channel.

   - To cancel your **Return+** channel, press and hold the **Return+** button for three seconds. The message “RETURN CHANNEL CANCELLED!” will appear.
   - **Return+** works only with the **CH+/–** buttons. Pressing any number key will cancel **Return+**.

**Sleep**

The Sleep Timer can turn the TV off for you after you fall asleep. Program it to work in intervals of 15 minutes, for a total time of up to 180 minutes.

1. **Press the **Sleep** button**

   The **Sleep Timer Message**

   20 seconds before the automatic shut off, this message will appear:

   **GOOD NIGHT!! PUSH SLEEP TIMER BUTTON TO EXTEND**

   You then have 20 seconds to press the **Sleep** button to delay the shut off for another 15 minutes.

**Muting**

The **Muting** button instantly turns the volume down completely when you press it. Press **Muting** and the volume level will instantly go to zero. To restore the volume to its previous level, press **Muting** again.
**Button Functions**

**Display**
The display screen shows the current status of timers and inputs.

Press the **DISPLAY** button

The screen to the right shows the following information:

- The current channel or AV input (Channel 05)
- The current time (12:20 pm)
- Sleep timer status/minutes remaining (The Sleep Timer is off)
- On/off timer status (Set to turn on everyday at 7:00 PM, off at 10:00 PM)
- Each Press of the **DISPLAY** button changes the display mode:

```
Display  Time  Channel  Off
```

**Display** - Full screen shown above  
**Time** - Shows the current time only  
**Channel** - Shows the current channel  
**Off** - Turns display off

**Notes:**
- You may also turn off the display at any step by pressing **MENU**.
- If the clock, sleep timer or on/off timer are not set, the display screen will show: "CLOCK NOT SET", "SLEEP TIMER OFF", and "ON/OFF TIMER OFF" respectively.

**Video Status**
The **VIDEO STATUS** button gives you a choice of four TV picture display settings, including a display of your own preferences.

**STANDARD** - Resets the picture display to the factory settings.
**DYNAMIC** - Heightens contrast.
**SPORTS** - When you watch a sports program.
**GAME** - Used for when you are playing video games connected to your TV.

Press the **VIDEO STATUS** button

*By every press of the video status button, you change the mode.*

```
STANDARD  DYNAMIC  SPORTS  GAME
```
**Button Functions**

**Game**
Sets automatically the proper conditions for playing video game (previously connected in the front input).

Press the **GAME** button

<table>
<thead>
<tr>
<th>GAME MODE</th>
<th>ON</th>
</tr>
</thead>
<tbody>
<tr>
<td>INPUT</td>
<td>VIDEO-3</td>
</tr>
<tr>
<td>VIDEO STATUS</td>
<td>GAME</td>
</tr>
</tbody>
</table>

**Input**
Selects the signal input source for the television: TV (for Antenna or Cable) or Video-1, 2, or V2-Component or Video-3 for video devices like VCR’s, DVD players, or camcorders.

Press the **INPUT** button

- TV ➔ VIDEO-1 ➔ VIDEO-2 ➔ V2-COMPONENT ➔ VIDEO-3

**Note:**
- You can also access the input menu screen by using the **MENU** button on the front of the TV instead of the remote control. It appears between INITIAL SETUP and PICTURE ADJUST screen. Choose the INPUT by pressing MENU ▼ on the front panel and select TV or VIDEO INPUT by using the CHANNEL +/- buttons (OPERATE ®).

**C.C. (Closed Caption)**
Use the C.C. (Closed Caption) button to select the mode of closed caption.

Press the **C.C.** button

- OFF ➔ CAPTION ➔ TEXT ➔

- See page 26 when you set the caption/text mode.

**VCR Buttons**
Note: The remote controls can only be used with JVC-brand VCRs

You can use this remote control to operate the basic functions of your VCR. These functions include: play, record, rewind, fast-forward, stop, pause, channel scan, TV/VCR, power on, and power off.

Press the **TV/VCR** button to operate the VCR.

JVC COMPANY OF AMERICA warrants this product and all parts thereof, except as set forth below ONLY TO THE ORIGINAL PURCHASER AT RETAIL to be FREE FROM DEFECTIVE MATERIALS AND WORKMANSHIP from the date of original retail purchase for the period shown below (the "Warranty Period") (PICTURE TUBE is covered for Two (2) years.)

THIS LIMITED WARRANTY IS VALID ONLY IN THE FIFTY (50) UNITED STATES, THE DISTRICT OF COLUMBIA AND COMMONWEALTH OF PUERTO RICO.

WHAT WE WILL DO:
If this product is found to be defective within the warranty period, JVC will repair or replace defective parts at no charge to the original owner. Such repair and replacement services shall be rendered by JVC during regular business hours at JVC authorized service centers. Parts used for replacement are warranted only for the remainder of this Warranty Period. All products and parts thereof may be brought to a JVC authorized service center on a carry-in basis. Televisions with a screen size of 25 inches and larger may be covered on an in-home basis where such service is available.

WHAT YOU MUST DO FOR WARRANTY SERVICE:
To determine if in-home service is available in your area, either contact the selling dealer (retailer) or call 1-800-537-5722 to locate the nearest JVC authorized service center. Service locations can also be obtained from our website http://www.jvcservice.com. In-home service, if available, will require clear access to the Television by the service representatives. If in-home service is not available, carry in service will be provided.

If service is not locally available, box the product carefully, preferably in its original carton, and ship, insured, with a copy of your bill of sale plus a letter of explanation of the problem to the nearest JVC Factory Service Center, the name and location which will be given to you by the toll free number.

If you have any questions concerning your JVC Product, please contact our Customer Relations Department.

WHAT IS NOT COVERED:
This limited warranty provided by JVC does not cover:
1) Products which have been subject to abuse, accident, alteration, modification, tampering, negligence, misuse, faulty installation, lack of reasonable care, or if repaired or serviced by anyone other than a service facility authorized by JVC to render such service, or if affixed to any attachment not provided with the products, or if the model or serial number has been altered, tampered with, defaced or removed;
2) Initial installation, installation and removal from “built-in” entertainment centers and other mounting systems;
3) Operational adjustments covered in the Owner’s Manual, normal maintenance, video and audio head cleaning;
4) Damage that occurs in shipment, due to an act of God, and cosmetic damage;
5) Signal reception problems and failures due to line power surge;
6) Video Pick-up Tubes/CCD Image Sensor, Cartridge, Stylus (Needle) are covered for 90 days from the date of purchase;

For Canadian model televisions, see the separate sheet for Canadian Warranty information.
7) Accessories;
8) Batteries (except that Rechargeable Batteries are covered for 90 days from date of purchase.)

There are no express warranties except as listed above.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTY HEREIN.

JVC SHALL NOT BE LIABLE FOR ANY LOSS OF USE OF THE PRODUCT, INCONVENIENCE, OR ANY OTHER DAMAGES, WHETHER DIRECT, INCIDENTAL OR CONSEQUENTIAL (INCLUDING, WITHOUT LIMITATION, DAMAGE TO TAPES, RECORDS OR DISCS) RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS WARRANTY, ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE, ARE LIMITED TO THE WARRANTY PERIOD SET FORTH ABOVE.

Some states do not allow the exclusion of incidental or consequential damages or limitations on how long the warranty lasts, so these exclusions or limitations may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary state to state.
