

A wide-angle landscape photograph capturing a majestic mountain range under a heavy, overcast sky. In the foreground, a calm body of water reflects the surrounding scenery. A dense line of trees with vibrant yellow foliage stands prominently in the middle ground, their colors mirrored in the water. Behind the trees, the rugged, dark peaks of the mountains rise, some with patches of snow or light-colored rock. The overall mood is serene yet dramatic due to the lighting and the contrast between the warm yellow trees and the cool, grey tones of the mountains and sky.

Want air movement or ventilation? Plug in “Endless Breeze®” and the large volume of air movement will surprise and delight you!

Three Speeds

Features:

- Instant Air Flow
- Free-Standing
- Light-Weight (Under 5 lbs)
- Multi-Purpose
- Low Sound Levels
- Low Amp Draw 1.2 - 2.6
- 12Volt Plug with Cord
- 110 Volt operation with a 4 amp Converter (not provided)
- 12” Ten Blade Rotary Fan
- High Air Velocity - Up to 10 mph
- Limited One Year Warranty
- Made in the USA

Swivel Legs for Stability and Storage

MODEL 6600R/417
ENDLESS BREEZE

Using Fan-Tastic Helps Make Your Living Space More Comfortable

- Quiet, 12-volt ceiling fan with 3-Speeds
- Fits standard 14" x 14" roof opening
- Dome-polycarbonate
- Removable screen for easy cleaning
- Fully automatic opening & closing
Dome available.
- Reversible fan blade motor (in or out) available
- Low AMP draw insures full-time use
- Variable speed with wireless remote available

SPECIFICATIONS

- Rooftop weight8 to 14 lbs.
- Dimensions16 1/2 x 16 1/2 x 4 1/2"
- Performance levels for 3 speed fans only:

	SCFM	AMP	DECIBELS
High	920	3.00	40
Medium	653	2.29	39
Low	478	1.86	39

Note: Never place a vent cover over, or filter on a fan. Greatly restricted airflow and increased sound levels will occur.

FAN-TASTIC VENT™ provides a two-year limited warranty (lifetime warranty on exterior dome) against defects in materials and workmanship when installed and operated according to instructions. Should your vent require service or parts, or if you have questions, please contact us by phone, letter or e-mail.

Over 2million Fan-Tastic Vents are in use!

MODEL 8000 Create-A-Breeze

Three fan blade speeds (low, medium, high), and a manual dome lifting knob. Model 8000 C-A-B by Fan-Tastic Vent is an entry level best-in-class fan that is great for bathrooms or any 14" x 14" opening in your RV. 1 year limited warranty (all parts).

MODEL 4000R

Three fan blade speeds (low, medium, high), a reverse switch sets the fan blade direction (OUT-exhaust or IN-intake) and a manual dome lifting knob. Model 4000R moves the same volume of air as fans with more options. It's simple yet effective.

MODEL 5000RBT

Three fan blade speeds (low, medium, high), a reverse switch sets the fan blade direction (OUT-exhaust or IN-intake), a manual dome lifting knob and a built-in thermostat. Set the thermostat to your desired comfort level and let the fan do the work. Model 5000RBT is designed to maintain a consistent temperature setting. It's perfect for use at bedtime or whenever you leave pets behind.

MODEL 6000RBT

Three fan blade speeds (low, medium, high), a reverse switch sets fan blade direction (OUT-exhaust or IN-intake), a built-in thermostat, automatic dome open/close switch and a rain sensor. Model 6000RBT automatically opens and closes your dome at a flip of a switch. A built-in thermostat maintains your desired comfort level. When the rain sensor becomes wet the dome automatically closes and reopens once sensor dries. The built-in manual knob allows for closing the dome in a emergency. Automation at its finest.

fresh air in the palm of your hand™

MODEL 6600R/417

This patent pending model fan has 14 fixed manual speeds or automatic variable speeds with a reverse switch that sets fan blade direction (OUT-exhaust or IN-intake), a rain sensor with On/Off switch, an auto dome opener via mode selection and a radio frequency hand held remote with wall cradle for traveling or fixed wall operation. Raise the dome and activate the fan from your "easy" chair. Our radio frequency handheld remote has you activating the fan and raising the dome by pressing the mode pad. With the automatic speed mode, you select your comfort setting and the blades will automatically turn on, off, increase or decrease speed to maintain your temperature choice. The manual speed mode allows you to select off or one of 14 fan blade speeds. Our custom wall cradle is made for your convenience. Select an easily accessible location, install the lightweight cradle and operate your fan from cradled remote or remove and operate the fan from anywhere inside or outside your coach. From ease of installation to ease of operation, the 6600R/417 is the ultimate Fan-Tastic Vent.

*** Upgrade any previously purchased Fan-Tastic Vent or Create-A-Breeze with the 6600 Upgrade Kit!**

PATENT PENDING

- Radio Frequency Hand Held Remote
- Reverse
- 14 Speed Manual Mode or Auto Variable Speed Mode
- Rain Sensor
- Thermostat Actuated Variable Speed Mode
- Automatic Opening Dome
